Practical experience

University project, final mark: 80%

We developed a responsive, user-friendly website to showcase local businesses as part of a university project. Using HTML and CSS, we focused on creating a functional, visually appealing platform with seamless performance across devices. This project enhanced our front-end development, teamwork, and project management skills.

Extracurricular activities

Local sports: Soccer (captain), and cricket

Voluntarily work: Gardening and scholar patroller

Additional Information

- Languages, English (prominent), Southern Sotho, and Afrikaans
